## Press Release

Effective October 31, 2020, Tasso Lake Heating Solutions Inc. has partnered with the Martino Group of Companies.

Tasso Lake Heating Solutions Inc. is a leading heating, ventilation and air conditioning (HVAC) company in Muskoka that has an established customer base and significant relationships in the residential and light commercial construction market. Tasso is well known for high quality work and outstanding customer service.

The Martino Group of Companies is a group of HVAC companies across Ontario. The combined sales of the group is in excess of \$35 million dollars annually. The Martino Group has a proven record of delivering high quality installations and service in the light commercial and residential market.

The synergies and buying power that the partnership offers will allow Tasso to continue to be even more competitive in the Muskoka marketplace. Martino HVAC already has an established customer base in Muskoka. The partnership with Tasso will afford their customers a more timely response for service needs and other opportunities.

The management structure and staffing at Tasso will remain the same and customers will continue to receive the high quality personal service that they have come to expect. The collaboration between Tasso and Martino will position Tasso Lake Heating Solutions Inc. to continue to grow and to expand into new market segments in Muskoka and the surrounding area.
